The University of Western Australia www.uwa.edu.au

We're a research-intensive university ranked in the world's top 1% of academic institutions. We encourage our students, staff and alumni to explore the unknown ...

has 100 full PhD scholarships (SIRFs) that will be offered in 2017 for students to commence in 2018!. It is a full tuition scholarship; however, it does not cover anything else.

Students would be responsible for their own flights, health insurance and living costs. In fact, in order to receive one, they do need to prove they have money for the living cost, whether in the bank or through a loan. I see this as maybe working in Mexico given students can take a loan from FIDERH. They need to prove \$29,000 for living costs.

These will be awarded on a first come, first serve basis. So the sooner students apply, the better. Ideally they would have high grades and at least one publication to be considered.

Here is the breakdown:

Faculty	2017 SIRF Quota
Arts, Business, Law & Education	26
Engineering & Mathematical Sciences	19
Health & Medical Sciences	18
Science	36
Grand Total	100

Es importante considerar que para ser admitido a un programa doctoral, primeramente hay que haber sido aceptado a un grupo de investigación en la facultad correspondiente. Pueden averiguar esta información en el portal de las facultades o si prefieren pueden también consultar a manera de referencia este reporte del Australian Research Council (ARC) <http://www.arc.gov.au/era-reports>
